Add Ons

Make your party extra special with add ons available for any of our party packages! At Cirque Célestial we believe in paying artists living wages. If you choose to have a performer or photographer the entire add on amount is paid to them with no additional profit to the business. We also rent poles and aerial rigs for outdoor events from artists in the community. All add ons help an artist pay their bills and continue pursuing their passions!

Performance

Preparing for a performance takes many hours of training to master skills, build a storyline, and tie it all together with facial expressions. Our performers are highly experienced and include professional circus artists and dancers, as well as a few national champions!
